# WALERT BABAN BA YILAM

## POSSUM IN THEIR GUM TREE HOME

Walert the Possum eats at night time  
and sleeps in the daytime.

Walert make their home in hollows of gum trees.

Kulin people use possum skins to make  
Gugra or possum skin cloaks.

We wear our gugra to keep warm.

We decorate our gugra with special  
symbols that tell our story.

We also wear them in our traditional ceremonies.
