# DHULIN THE GOANNA

Dhulin the Goanna is one of the six special men who helped Bundjil the Wedge Tailed Eagle - our Creator - when he created the Earth. Bundjil taught all the special men how to look after his creations - the mountains and the rivers, man, woman and all the animals.

He taught them how to make weapons, how to use them, and how to behave with one another.

After Bundjil had finished, Bellum Bellum the Musk Crow blew Dhulin and the other special men to the stars.
